Be it hereby enacted by the Town/Village Board of the Town of Cobleskill, Schoharie County, New York, as follows:

SECTION I: TITLE

This local law may be cited as the “Town of Cobleskill Road Preservation Law.”

SECTION II: PURPOSE

The purpose of this local law is to maintain the safety and general welfare of Town residents by regulating high impact commercial activities that have the potential to adversely impact roads and property. Well maintained roads are important to the economic well being of the Town. Construction, maintenance, and operation of high impact commercial endeavors (e.g. timber harvesting, mining, natural gas drilling, wind energy facilities and telecommunication facilities) can be economically beneficial. This Law is not intended to regulate such endeavors, but the intent is to protect the Town roads and property from damage from such endeavors that typically require use of heavy equipment with heavy loads.

SECTION III: AUTHORITY

The Town Board of the Town of Cobleskill enacts this local law under the authority granted by Section 10 of the New York State Municipal Home Rule law and the New York State Town law.

9. Upon completion of the project, the Permittee will apply to the Highway Superintendent for a Preliminary Bond Release. Upon inspection of the work site, as necessary, the Highway Superintendent may approve the release of the Bond. If the release is not approved, the Superintendent will specifically document the tasks that must be accomplished in order for the Bond to be released. In this case the Permittee will remedy the specified problem(s) items and then reapply for a Bond Release. Final Bond release must be approved by the Town Board for repayment of the Bond funds.
